

SPRATTON RECREATION FIELD CHARITY

CHARITY REGISTRATION NO. 304247

ANNUAL REPORT 2021

PREPARED FOR SPRATTON ANNUAL PARISH MEETING

Tues 18MAY2021 19:00Hrs (7:00 pm)

This year has been hard for us all. The good thing is as members of the local area communities we all have had the recreation field to use and we have seen greater numbers using all aspects of the rec. More then ever before

This year the Trustees are pleased to report that we have new blood joining the team.

THE TRUSTEES would like to publicly thank everybody who has supported the charity over the years. It is with their help and support which has enabled the charity to operate for so long, delivering an open space to the people of the village to use.

We have been looking into ways of updating the charity through the use of the internet in all it's forms more information as we know. We have our own facebook page.

The A.G.M. meetings of the charity are open to the public and we would invite anyone to attend.

We once again have to thank SPRATTON PARISH COUNCIL for their support through their annual grant which is used for the maintenance of the field.

We have to report the damage to some of the equipment and number of thefts from the recreation field. The field has also had incidents of vehicles being driven all over the field which is against rules and we would ask that it stops for the safety of all recreation field users.

The first major project for this year was the planting of a number of Japanese cherry trees in top of the recreation field. We intend to complete the row soon, all this thanks to the Japanese government and people.

The second major project for this year is to replace the barrier between the car park and the field. We have a planning application pending to extend the car park to ease the parking in smith st, and we hope to complete the resurfacing improvements by the summer.

The third major project for this year is to create an adventure/ nature trail around areas in the rec.

We will be placing a number of benches around the rec, field, over the coming year.
Further improving the amenities in the recreation field.

The trustees and the committee have the ongoing goal of improving the recreation field and its facilities for the good of all of Spratton's community.

The finances of the Charity are as the accounts show, and are much improved from previous reporting years.

FINALLY DO YOU HAVE A GOOD IDEA FOR RECREATION FIELD IMPROVEMENT

OR TIME TO HELP
