2020 issue

These regulations have been made by the Council to ensure that all burials within the Cemetery are conducted in a decent and solemn manner and to ensure the proper administration of the Cemetery. The Council may at their discretion relax, alter or vary the regulations or deviate therefrom in any particular instance if it shall appear to them to be desirable so to do. The Council shall not be under any liability to any person by reason of these regulations or any relaxation or deviation therefrom.

GENERAL:

1. All visitors to the Cemetery must keep to the walks, except when visiting a particular grave, and shall observe proper decorum in all respects.
2. No one shall, by any violent or indecent behaviour, prevent, interrupt or delay the decent and solemn burial of any body.
3. The allocation of plots and the burial therein are placed under the care of the Clerk.
4. All dogs taken into the Cemetery must be on a lead and prevented from fouling.

INTERMENT:

5. Notice of any interment must be given to the Clerk at least 48 hours before the time of the proposed interment (excluding Saturdays, Sundays and Public Holidays) except in cases of death from infectious disease or other interments required immediately upon medical or Coroner's certificates.
6. The Certificate of the Registrar of Deaths, or when an inquest has been held, the Certificate of the Coroner, must be produced and handed to the Clerk (or their representative) before any interment takes place.
7. All interments shall take place between the hours 9.00am to 4.00pm on Monday to Sunday.
8. The random reservation and/or selection of grave spaces is not permitted. The Clerk will allocate spaces in order.
9. Caskets, wooden or biodegradable coffins and containers must be used in all instances for interment purposes.
10. An interment of any person who is not an inhabitant, parishioner or ratepayer of Spratton will only be allowed in a grave space for which the exclusive right of burial has been purchased.
11. The depth of a grave will, on every occasion, whether the exclusive right of burial has been purchased or not, be subject to the regulations of the Council and no grave will be allowed to be deepened after the first interment.
12. All graves will be dug to 'double depth' unless by purchase of exclusive right only one burial is permitted in the grave space.
13. Any part of the coffin must be at least 3 feet and not more than 5 feet 6 inches below the level of the ground adjoining the grave.
14. Any coffin must be separated from any other coffin already in the grave by means of a layer of earth not less than 6 inches in thickness.
15. Where, in the Cemetery, any grave is reopened for the purpose of making another interment therein any human remains interred therein shall not be disturbed or any soil which is offensive removed there from.

16. Arrangement for the digging of graves must be by the relatives, or the Funeral Director, who must ensure that such safe working practices as are necessary under the Health and Safety at Work Act in relation to shoring, etc. are observed.
17. The time arranged for an interment must be the time at which the cortege is to arrive at the Cemetery and must be strictly adhered to.

EXCLUSIVE RIGHTS OF BURIAL:

18. The Council may grant the exclusive right of burial in any grave space for a period of 99 years.
19. Owners of exclusive rights of burial cannot transfer such rights to anyone without the consent in writing of the Council.
20. No grave for which the exclusive right of burial has been granted shall be opened without the owner of the right of burial or his executor or agent authorising it by completion of a form available from the Clerk or by submitting a similar form specifically intended for this purpose.

A horizontal tablet of eighteen inches square of a design approved by the Council, laid in line with adjoining headstones and not protruding above ground level, will be allowed for interment of casket.

35. All memorials of whatever description admitted to the Cemetery or permitted to be placed therein shall remain at the sole risk of the Owner. The Council will not be responsible for any damage or breakage that may occur.
36. There is an allocated area for cremated remains burials. The scattering of ashes is allowed within a section of that area.
37. The planting of trees, bushes and shrubs, other than those planted by the Parish Council, is not permitted in the Cemetery.

41. The Council accepts no responsibility for damage or loss howsoever caused.
42. On at least an annual basis, Councillor Wardens appointed to each cemetery will make safety checks on memorial headstones. If any are found to be unsafe, the family of the deceased will be contacted to promptly arrange the securing of the headstones in the interests of public safety. In cases where a family cannot be contacted, or there is delay with action, and the memorial is considered to be very unsafe and a danger, the Councillor Warden or the Clerk will lay the memorial down with great respect and sensitivity.
